

# HOMEWORK

MATHS

BRAMHALL HIGH SCHOOL

**Aim:**

- To enable pupils to make maximum progress.
- To help pupils develop the skills of an independent learner.
- To promote cooperation between home and school in supporting each child's learning.
- To enable all aspects of the curriculum to be covered in sufficient depth.
- To provide educational experiences not possible in school.
- To consolidate and reinforce the learning done in school, and to allow children to practise skills taught in lessons. • To help children develop good work habits for the future.

**Types of regular homework at KS3:**

**KS3:**

1. Hegarty Maths tasks

**KS4:**

1. Hegarty Maths tasks
2. Practice papers
3. Revision for exams

**Marking and feedback:**

1. Hegarty maths tasks are automatically marked online giving students instant feedback when they complete the task. Students can leave comments or questions regarding a particular question which will be flagged up when the member of staff next logs on. Staff will respond to these questions to assist a student with a potential misconception.
2. All practice paper questions will be marked, scored and graded. Students will then improve these in green pen the following lesson as part of the CPR review process.
3. Revision homework will not be marked, but the expectation is that students create their own revision resources as evidence of this.
