

# HARRY POTTER: AND THE ORDER OF THE PHOENIX

Harry Potter: And the Order of the Phoenix is an adventurous, fantasy film and book written by, the astounding author, J. K. Rowling. She is well known for writing stories such as: The Ickabog, The Casual Vacancy and all of the Harry Potter trilogy.

The book is about a boy named Harry Potter, and his two friends- Hermione Granger and Ron Weasley. As a team, the trio break into The Ministry of Magic. Whilst in there, they get apprehended by the main antagonist of the story, just to be saved by a group of some of the best wizards and witches out there. This results in one of the best magical duels ever.

To me, this is the best book that I have ever read because the descriptive language that Rowling uses makes it easy to paint pictures of what the different characters and scenes look like. She makes the story-line effortless to follow, by describing every part that she could. It is also extremely gripping throughout, making it nearly impossible to put down.

In my opinion, this book is mainly suitable for children of the age seven and above, due to it being scary at times and that there are lots of words in it. Younger children who want to indulge into this magical world, however, can always get it read to them.
