

21 October 2020

Dear Parents and Carers

We have been advised that there has been a further case of Covid-19 within Bramhall High School.

We have carried out a full risk assessment and identified all those who have been in close contact with the affected case and have recommended that they stay at home and self-isolate.

We have had **no** further positive results in the school. If this situation changes and our provision for your son/daughter needs to be adjusted then we will communicate with you accordingly.

If you haven't been contacted separately then assume that your son/daughter has not come into close contact with the member of our school community who has tested positive. The guidance from Public Health England and the Department for Education is that schools should remain open, even when a case of Coronavirus is confirmed. As a result, Bramhall High School will remain open to provide a full, broad and ambitious curriculum for those students not isolating.

Please consult our website <http://bhsweb.co.uk/covid-19> for a useful infographic explaining what to do in certain scenarios.

I will update you of any further developments as soon as possible. I am currently in liaison with the Local Authority, their health and safety team, the Director for Children Services and the Director for Public Health as well as Public Health England.

I can reassure you that the school has adhered to all safety guidance and is compliant with Gov.uk recommendations for being open during the pandemic.

Thank you for your understanding in this very difficult time.

Yours sincerely

**Mr Paul Williams**  
Headteacher
