P  
O  
S

\*The household need to self-isolate for 10 days (day 1 being the first day after the symptoms started)

\*Follow NHS guidance on isolating.

*\* Inform school of result*

10  
days

Return to school/work If symptom free.

\*\*\*

\*\*\*If anyone else in the household has developed symptoms within the 10 days they should have a PCR test, if that is positive their 10days start again from the day they developed symptoms. The rest of the household do NOT need to isolated for a further 10days. This information can be found in the following link
